NEMNU Meetings are held the 3rd Monday of every month at 7 PM, 1933 East Main St.

1. NEMNU November Meeting Highlights:

a. Speaker, David Langley, City of Rochester Animal Services (Verona Street) discussed the new "Human Animals Support Services Model" adopted by the City as well as other City shelters around the country. A shelter can be a scary place and is needed primarily for animals that are sick or dangerous. The model attempts to keep animals out of the shelter and with families by utilizing fostering. They also have a program called, "Lost Pet Detectives" where a person volunteers to be the point person if a neighbor has lost or found a pet. The detective would get training from the City, have a scanner, and a lawn sign advertising that they are the detective. Verona also offers a Pet Food Pantry and Spay/Neuter Clinics. He can be reached at 428-6130

b. Kelvin Knight from the SE Neighborhood Service Center discussed that the City will be repeating all leaf pick-up sectors until the beginning of Christmas or until the snow prevents them from going.

Mayor Evans has funding for 1000's of trees to be planted in the City. In order to request a tree, call 311 and ask for the Forestry Department.
